VOLUME 34, No. 17

SIERRA MADRE, COUNTY OF LOS ANGELES, CALIFORNIA

FRIDAY, JANUARY 12, 1940

FOR 34 YEARS
this newspaper has been devoted to the welfare of Sierra Madre. It is home owned and has no other interest.

City To Have A Theatre Next Month

Local Attorney Remodels Building On Sierra Madre Blvd. For The Purpose

Remodeling of the building at 87 West Sierra Madre b.v.d., near Auburn avenue, means that Sierra Madre is finally to have a theatre—"The Wistaria"—in operation in all probability early next month. Milton Weber, Los Angeles attorney who has resided here for some time, is the lessee. He moved into action when S. Katnik allowed an option on a theatre site adjoining the Safeway Store to lapse a few days ago, signing a long term lease on the building now being remodeled and immediately starting to tear out everything but the side walls.

The building housed a theatre years ago. Later it housed the Perry and then the Brock markets. From floor to roof it will be entirely new inside, with a decorative marquee over the street. It is being padded and sound-proofed and will have a sky blue ceiling and small lobby. Mr. Weber says the remodeling is being done at a cost of \$10,000.

"All equipment will be fresh and new," Mr. Weber said, "and the 'Wistaria' will be a modern, up-to-date theatre in building equipment and seating. It will show Universal and Warner Brothers pictures, first run after Pasadena. There will be performances every night, with two changes in the bill a week."

Contract Awarded For Resurfacing Tennis Courts

At long last the tennis courts in the city park are to be resurfaced and made usable—but not until, in the opinion of the city engineering department, weather conditions will permit of the improvement. In any case, the job is to be completed before June 1.

Offer of the Osborn Company of Pasadena to do the job for \$390 was accepted by the city council Tuesday evening. This company surfaced the courts in Glendale's city parks and the work has proved thoroughly satisfactory. The specifications used in the Glendale job are to be used here.

Play Proceeds Will Go To Crippled Children's Home

As a benefit for the Casa Colina Convalescent Home for Crippled Children at Chino, the drama group of the Youth Cooperation movement sponsored by the Sierra Madre Women's Club will present the play "Professor, How Could You?" at the clubhouse this evening at 8 o'clock.

Appearing in the play will be the same Sierra Madreans who made such a hit last month when they first presented the comedy. The cast includes Eddie Rannahan, Grace Jensen, Elizabeth Doty, J. Sheridan Shearer, John Colbert, Sylvia Colbert, Sheila Colbert, Eddie McCloskey, Jane Colbert, Don Miller, Nan Hathaway and Harry Lovejoy. Miss Hazel James Ferguson is the director. Other Sierra Madreans working hard to make the play a success are: Irvin Ingram, stage manager; Roy Buchanan, Harry Lauber, stage crew; Mrs. Thomas Miller, make-up; Miss Ruth Kelleher, properties, and Mrs. Val Miller, advertiser.

Sierra Madreans are urged to back this worthwhile undertaking, with all proceeds going to the aid of crippled children. Tickets may be purchased from local club women and at the Sierra News Stand.

WOMAN WHO BUILT HER OWN HOME PLAYS HARMONICA AT PARTY ON 78TH BIRTHDAY

Seventeen Sierra Madre friends gathered around a luncheon table at the home of Mrs. F. L. C. Roess Wednesday to honor Mrs. Joseph Everhardy on the occasion of her 78th birthday anniversary, and after luncheon joined in singing old time songs to the accompaniment of a harmonica played by the guest of honor.

Mrs. Everhardy, who was born in Lucerne, Switzerland, has been a resident of Sierra Madre for 20 years and during that time has accomplished a feat that few women ever achieve. Today she is living comfortably in a five room house at 254 Grove street which she has built entirely by herself. Last year, her phenomenal strength which she still retains, enabled her to re-roof her home, and in addition to that she has made or repaired, during the year, several pieces of furniture.

Mrs. Everhardy came to the United States in 1885 and after living in several eastern states she moved to Texas where she

No Prisoners In City's Bastile Since December 7

The municipal bastille hasn't had a tenant in more than a month—since December 7. A petty theft was the only "crime" reported in that period.

"We haven't even had to sleep a drunk," said Police Chief Gordon McMillan last night, "and we think that is really some kind of a record for a city with a population of more than 5,000 persons. It just seems that everyone, young and old, was on their good behavior during the holiday season and that is something in itself. First culprit we get in the coop is likely to think he's in a haunted cell."

Membership Of Church Growing

Reports Of Congregational Bring Cheer To Large Annual Meeting

In spite of the rain a goodly number of the members of the Congregational Church sat down Wednesday evening to one of the delicious dinners served by the ladies under chairmanship of Mrs. Ben. Hinkley.

The business meeting was called to order by the pastor, Rev. Arthur O. Pritchard and the clerk read, while all were standing, the names of seven members who had died during the year.

Mrs. W. S. Hull, the clerk, read her report showing a total membership of 312 as of January 1st. During the year the pastor received 18 couples, married five couples and conducted 13 funerals.

The Sunday School report was given by Conners L. Twycross, who, with Mrs. Twycross, has charge of the school. He reported an enrollment of 159 with 22 teachers.

Reports of the Women's Society read by Mrs. Maybelle Barker, secretary, and Mrs. E. G. Everett, president in 1939, showed a year of great activity in missionary meetings, missionary contributions and work for the church. Altogether the ladies handled about \$800.

Miss Lorraine Hobson as secretary read the report of the Young Peoples group and spoke of the regular meetings on Sunday evenings, the public address system purchased for the church and the cooperation given by the young people with the choir.

Outstanding event of the year was the acquisition by the church of the new Austin organ given by the late Mrs. Pritchard, as reported by the music committee. Its full beautiful tone is a great contribution to the devotional atmosphere of the services.

Other reports were read by F. W. Miles for the deacons; Al Miller for the directors; Mrs. George Morgridge for the music committee; and Edwin W. Ward, treasurer.

Local Motorist Is Denied The Right To Drive A Car

Failing to heed a demand by Police Judge Newell of Pasadena to appear before the court with his driver's license and automobile registration card, Henry J. Lannan of this city has been denied the right to drive a car in California.

Lannan had been arrested in Pasadena on a minor charge and when he failed to appear as directed, Crown City police learned that he had previously been fined some time ago for driving while under the influence of liquor. He was taken into custody here and a probationary license under which he was operating his car was confiscated when he was taken before Judge Newell.

Storm Causes No Damage In This Area

Week Of Showers Finds Sierra Madre Unharmed As Beach Towns Suffer

Six days of steady rain which has caused much damage in beach cities left nothing but good for Sierra Madre. The gentle rains which, from January 4 through yesterday afternoon at 3 o'clock, totalled 5.12 inches, soaked into the ground and gave orchards, gardens and flowers a much needed wetting.

Not a nickel's worth of damage was reported in the city from the heavy rain of Monday which totalled 3.08 inches, and basins at the spreading ground in the eastern end of the city were cleaned out just in time to take care of the steady drizzle, operating perfectly. County steam shovels took out 3,000 cubic yards of silt and sand and deepened the No. 1 bed, so when the precipitation mounted steadily, scarcely a drop got away.

Total rainfall of 13.40 inches for the season in Sierra Madre is considerably above that of last year at this time. In 1938, through January 10, 10.61 inches fell, with the normal amount of rainfall through January 10, 11.53 inches.

Temperatures for the week were close to normal, according to Col. H. E. Hersey, and in some cases were a little above the norm.

Men To Cook Dinner At Annual Meeting Of Bethany Church

Men of Bethany church are in charge of the fellowship dinner January 19 at 6:30 which will be followed by the annual church meeting when yearly reports from all societies and organizations will be heard, and new officers will be elected. This is the first time in about seven years the masculine members of the congregation have taken it upon themselves to put on the dinner, which will be in charge of W. A. Evans.

Between 175 and 200 people are expected to attend the dinner and meeting to be held in the basement of the new Sunday school building.

Special Bid To Fathers By The PTA

Sierra Madre fathers are especially invited to join with mothers and teachers for the next Parent-Teacher Association meeting scheduled for 7:30 p.m. Thursday, January 18, at the grammar school auditorium.

Edward A. Davey, a Sierra Madre resident and speaker of the evening, is well known in California for his extensive activity in the Boy Scouts of America.

E. A. Davey

and for his recent work as executive director of the Pasadena Boys Club. With a youth program underway in Sierra Madre, fellow citizens will find much of interest in what Mr. Davey has to tell of the Boys Club organization as one type of youth activity.

The school's activities, especially for boys, will be briefly outlined by David Larsen and Samuel E. McElfresh of the local teaching staff.

Newcomers to the school and any one interested in the subject are welcome to attend.

Reemployment Plan Will Be Discussed At Town Meeting

The John S. Richard's plan for the relief of unemployment, which has been termed the most important State document to appear in California, will furnish the meat for discussion Sunday evening at the second Town Meeting of the winter series is called to order at Wistaria Vine Gardens by arbitrator Perley Poore Sheehan.

Katharine Kilbourne, assistant county director of the California Social Service division, is to open the forum round table with a talk on the more pressing problems of education and reemployment facing the state. The meeting, which opens at 8 p.m., is open free to the public, and the entire Southland is invited to send representatives to enter into the discussions. Supper will be served.

Float Makers Given Vote Of Thanks

City Will Receive Movie Camera For Recording Of Important Local Events

A resolution expressing the city's appreciation for the prize winning float entered by the Wistaria Town float committee in this year's Tournament of Roses parade and expressing the council's gratitude to Alfred J. Dewey, its designer, and his wife, Mrs. Sally Dewey, and to various individuals for the part they played in the float's preparation was adopted by the city council at its meeting Tuesday evening.

It was impossible to name all of the public spirited citizens who contributed their bit towards the city's representation in the parade but the council specifically voted its thanks to Waverly E. Pratt, chairman of the float committee; R. C. Lewis and Frank Spencer, who as members of the finance committee secured the necessary contributions; to Mayor Schiltz, chairman of the construction committee; George Norris, chairman of the decorations committee, and to L. R. Goshorn of the publicity committee.

The finance committee found a small deficit when all bills for "The Land of Liberty" had been paid but was confident in view of the fact that the city for the third consecutive year was among the prize winning participants, would be able to raise the necessary funds without great difficulty.

The float committee in addition to thanking Mr. and Mrs. Dewey for their efforts in designing and decorating the float will undoubtedly follow its precedent and vote them \$50 as a further token of appreciation.

An Eastman moving picture camera for the recording of community events will be the city's prize for the magnificent entry. Word to this effect was received from the Tournament of Roses awards committee. The award will be made either at a public meeting or dinner or privately, the Tournament Association announced, as the float committee may elect. The camera will become community property.

F P Conard And Mrs. Alice Kerr Are Married At Yuma

At a civil ceremony performed in Yuma, Ariz., January 4, Francis P. Conard, of 33 W. Mira Monte avenue, was married to Mrs. Alice Kerr, also of this city. They were accompanied by Isaac Goldberg of Los Angeles an old friend of Mr. Conard. The party returned through the Imperial Valley and San Diego. Mrs. Conard, who was formerly a nurse, has been a resident of Sierra Madre for the last two years.

Lower Fares Effective On Monday

Round Trip Rate To Los Angeles Cut, Passes Go Out, School Rates Reduced

A new schedule of Pacific Electric fares that becomes effective next Monday will mean a considerable saving in the transportation cost of Sierra Madreans who ride the trolleys.

The fare within the Sierra Madre city limits and to Vinedale station, one block east of Vinedale boulevard, will be five cents.

One way fare to and from Los Angeles will be 30 instead of 38 cents and the round-trip fare will be 55 instead of 66 cents.

One-way fares to the heart of Pasadena will be 15 instead of 17 cents, with no reduction for round-trip tickets. Commuters may buy 10-ride books for \$1.35 or 30-ride books for \$3.60.

Sierra Madreans may ride to either Lamanda Park or San Marino Junction for a dime.

Zone fares in Pasadena will be six and 10 cents, with four tickets for 25 cents as heretofore.

Sierra Madre commuters to and from Los Angeles will no longer be able to purchase weekly or monthly passes or 60-ride commutation tickets. These have been ordered discontinued, but in their place passengers may purchase 10-ride and 30-ride tickets. The 10-ride tickets will be \$2.55, a reduction of 20 cents under the present price of \$2.75; the 30-ride fare will be \$5.85, which is \$2.35 less than the prevailing cost of \$8.20. These fares vary from 17 cents to 1.15 cents per mile. The former rate from here to Los Angeles was a little over two cents per mile.

About fifty Sierra Madre children attending school in Pasadena will also receive a good reduction in car fare, with new 40-ride school tickets costing \$3.60. The present 46-ride tickets costing \$4.25 will be discontinued.

Zone fares in Los Angeles will be reduced to 5 cents, instead of the 6 cent fare granted several months ago by the commission.

Ten-ride and 30-ride books will be sold to any point where the fare is 15 cents or over. Formerly these books were sold only to Los Angeles commuters.

Booster Pump Needed But Comes High

Bids for a booster pump to guarantee Sierra Madre against water shortage were opened by the city council at its meeting Tuesday evening and a contract will be awarded on January 23. The DeLaval Steam Turbine Co. was low with a bid of \$2,475. United Iron Works was next with an offer of \$2,652, and the Byron Jackson Co. bid \$3,015.68. At an executive session of the council at which the bids were checked with the engineering department, it was discovered that one did not fully comply with the specifications and final action was deferred pending a further inquiry into the matter.

An application by L. H. Perry for renewal of his pool and billiard hall license at 41 North Baldwin avenue was referred to the police department for recommendation.

At the suggestion of Daniel H. Lewis, assistant street superintendent, City Clerk Pratt was directed to inform the Arcadia council that building operations on Michillinda blvd. within the Arcadia city limits warranted the city of Arcadia in relieving this city of the duty of lighting the thoroughfare south of the Sierra Madre city limits.

Walter Marti Gives Friends Surprise By Yuma Wedding

Coming as a surprise to their many friends in this community was the announcement made early this week of the marriage of Walter Marti, son of Mr. and Mrs. John Marti, to Miss Betty Wilson, of San Gabriel, at Yuma, Ariz., on Saturday. Present at the wedding were the bride's parents, Dr. and Mrs. Frank Wilson, who formerly lived here. Mr. and Mrs. Marti are now home to their friends at 430 E. Montecito avenue.

Frank Bowen Draws Long Prison Term

Frank Bowen, who operated a jewelry store on Kersting Court for a short time a few years ago, was sentenced to San Quentin prison for a term of 10 years to life by Superior Judge Arthur Crum in Los Angeles, Monday.

Bowen pleaded guilty to two counts of robbery, failing in an effort to be declared insane and thus escaping prosecution. He was originally accused of forcing many of his women victims to submit to indignities at gunpoint.

ADDITIONAL POLLING PLACES REQUIRED BY CITY'S GROWTH

City Redistricted Into Nine Precincts To Care For Increase In Registered Voters—Boundary Lines Of All Former Divisions Are Changed By County Registrar Of Voters

Sierra Madre's growth in recent months has necessitated the creation of two additional voting precincts. Hereafter there will be nine instead of seven polling places in the city. The redistricting was done in the office of the county registrar of voters who yesterday furnished City Clerk Waverly Pratt with maps showing boundaries of the nine districts.

Not one of the seven old precincts remains intact. In the redistricting process it became necessary to make some changes in all of them, and voters throughout the city will have to familiarize themselves with the new boundary lines before the next election—in April when city officials are chosen. There were 2785 registered voters at the last election. As nearly as possible the election laws seek to set up precincts with a registration of 300 voters and this was the object of the redistricting. Lines of the new districts are fixed as follows:

Precinct 1. Bounded on the west by Michillinda blvd., south by Grand View avenue to Auburn avenue, from Auburn avenue to Olive street; and on the north by Angeles forest boundary line.

Precinct 2. Bounded on the west by Michillinda blvd.; south by Orange Grove avenue to Park avenue; north by Highland avenue from Michillinda blvd. to Lima street; west, from Lima street to Mariposa avenue, Mariposa avenue to Park avenue and from Park avenue to Orange Grove avenue.

Precinct 3. Bounded on the south by Sierra Madre blvd.; on the west from Hermosa avenue to Grand View avenue; on the north from Grand View avenue to Olive street; and on the east by Baldwin avenue from Sierra Madre blvd. to Olive street.

Precinct 4. Bounded on the south by Orange Grove avenue from Park avenue to Baldwin avenue; on the north by Sierra Madre blvd.; on the west by Park avenue to Mariposa avenue, from Mariposa to Lima street; on the east by Baldwin avenue from Orange Grove avenue to Sierra Madre blvd.

Precinct 5. On the south by Orange Grove avenue; north by Laurel avenue; west by Mountain Trail avenue, taking in two blocks of Santa Anita court; and east by the city limits.

Precinct 6. Bounded on the south by Laurel avenue and a short distance of Grand View avenue east, by Santa Anita Canyon road; West, Baldwin avenue, from Laurel avenue to Mira Monte; North by Mira Monte avenue to Alegria, Bella Vista Terrace and the northeast section of Sturtevant drive.

Precinct 7. Bounded by Bella Vista Terrace on the south, Baldwin avenue on the west, northern boundary mountain area; and city limits on east.

Precinct 8. Bounded on the south by Baldwin avenue, north by Santa Anita Canyon road, and city limits on east.

Precinct 9. Bounded on the south by Baldwin avenue, north by Santa Anita Canyon road, and city limits on east.

Officers Elected By Bible Class Of Bethany Church

Mrs. John McAndrew was elected president at the annual meeting and election of officers of Miss Helen King's Bible class of Bethany Church, Friday afternoon in the new building at the church.

Other officers to serve during 1940 are Mrs. Guy Scott, recording secretary; Miss Minerva Thompson, corresponding secretary; Mrs. W. A. Evans, missionary correspondent; Mrs. William Montgomery, social chairman, and Mrs. William Laidlaw, assistant social chairman.

There was an enjoyable social hour and refreshments were served from a tea table with a large basket of pointsettias and red tapers in the centerpiece. Mrs. Scott and Mrs. McAndrew were hostesses for the afternoon.

CARYL KEY GOT A BIG THRILL RIDING "LAND OF THE FREE" THRU 1,500,000 PEOPLE

By CARYL KEY
I CAN truly say that riding on our beautiful prize winning float in the Rose Tournament New Year's morning was an experience filled with fun and thrills.

Of course there just had to be a few uncomfortable moments, but they were before the parade got under way and didn't begin to mar the delightful experience. For instance I was half an hour late getting to the starting point here and that made us late in arriving at the starting point of the parade in Pasadena, as a result of which I had to carry the train of my dress over my arm and walk a couple of blocks to the float, almost fainting from stage fright on the way.

The couple of very short, very light showers that fell as we neared the end of the route didn't exactly contribute a lot to my enjoyment, but it didn't take much from it, either, and of course everyone knows about a tire blowing out as we were half over the route.

However, riding on the float after we had the flat tire was not nearly as bad as it looked. I just held on good and tight and really got a kick out of it. It made it easier to smile and laugh, too, because it is sort of hard to beam at hundreds of thousands of total strangers.

I hardly know how to describe the feeling one gets when you first realize that all those people are applauding for, and looking at you and your float. It is very exciting and yet it gives you sort of a sinking feeling when you realize that you are so conspicuous. However, familiar faces, encouragement from the policemen, and the friendly appreciation of the people made the time pass quickly and the occasion more enjoyable.

Deep respect and reverence for the flag were shown all along the five and a half mile route as the crowd stood at attention or saluted.

At the end of the parade I was tired and hungry and a bit chilly, but I recovered in a very short time, and reached the Rose Bowl in time to see the kickoff of the USC-Tennessee football game.

PEEPING TOM LOOKED LIKE A JAPANESE

A Japanese "peeping Tom" was reported in the vicinity of Grove street Friday evening. Mrs. Rubenstein, 185 Grove street, re-

ported to police that while she was in her home shortly after 10 o'clock in the evening she saw a young Japanese man looking in the window. The snooper was in the back yard peering into the rear window.

What A Girl Sees Ramblin' 'Round

BECAUSE Sierra Madre has a large English population we thought some of them might be interested in our Christmas trip to Victoria, British Columbia. We had heard much talk of the "quaint old English city" on our way north and although we enjoyed every minute of our stay in Victoria...we looked in vain for something "quaint". Having been told that automobiles drove on the right side of the street, that red coated "Royal Mounties" were frequently seen in the city and that practically the entire population (which is 38,000) rode bicycles...we were a bit disappointed to arrive in a city that looked much like any American town...there was nothing quaint about the Empress Hotel where Christmas is celebrated with old British customs like hauling in the Yule log...through the beautiful, glittering dining room...and bringing in the boar's head.

The city was strikingly decorated with colored lights, trees and all the other holiday paraphernalia, but what impressed us most was the parliament building...outlined at night in white lights...looking for all the world like a fairy castle.

We did see a few unusual sights...such as soldiers in Scotch kilts...Canadian bobbies...big, genial ones...like most of our American policemen...and something that appealed to our feminine fancy...serving tea in china cups of different size and pattern. The last afternoon in the Canadian city we had three teas...one with scones...then with crumpets...and then with more crumpets.

On a trip about the city our guide was a courteous Canadian youth who had enlisted in the air force and expected to be called shortly after the first of the year. He told us about the high percentage of Chinese population in the city...6,000 of them living in an area of about four blocks...not in houses or apartments...but

Latest Books At The Library Include Many Eagerly Awaited Volumes

Sierra Madreans were not too busy with their holiday activities to pass up their reading. Over 4,000 books were put into circulation by the public library during December and 33 new patrons were registered for borrower's privileges.

Fiction continues to interest most local patrons of the library, the percentage last month of fiction over non-fiction being about two-to-one. Nineteen per cent of the borrowers were juveniles. An interesting consignment of new books went on the shelves, including many much sought volumes. Among the new books are:

Fiction: Queen Anne Boleyn; Hackett; Three Miles Square; Corey; Sea Island Lady; Griswold; One More Fight; Ertz; Seven Against the Years; North; Christmas Holiday; Maugham; Four Part Setting; Bridge; Great Tradition; Keyes; Sister of the Angels; Goudge; Affair of the Painted Desert; Knight; Karen's Memory; Duffield; It Takes All Kinds; Bromfield; Sun and Storm; Seppanen; Western Union; Grey. Non-fiction: Seven Grass Huts; Matchat; Haywire; Bolitho; First Aid to Pictorial Composition.

in crowded, underground rooms...that never see sunlight or fresh air...About half a dozen people live in one tiny room...our guide said...and under the street we were passing...there were layers of rooms that Chinese families called home.

We liked the tale behind Victoria college...an imposing, turreted stone building in Craigdarroch...It was formerly a private residence...and when the family decided they would keep it no longer...offered it at auction...A gentleman named Dunsmuir...with a fortune of his own...got it for a \$100 ticket...and later sold it back to the city for \$30,000...Our polite British guide said with a sigh, "It's true that 'them as has, gets'."

Topiary gardens with trees and shrubbery trimmed to resemble birds was also interesting...but would have been much more impressive at a different time of the year...The provincial parliament building in the bright sunlight...with its war memorial and statue to Queen Victoria...beautiful rosebeds...and landscaping...and the Government House...official residence of the Lieutenant-Governor of British Columbia...where Queen Elizabeth and King George visited in May...Seven hundred guests were invited to tea to meet their majesties...our guide said...and because 700 others felt they should have been invited and weren't...created a rather awkward situation...We thought the young man said "left handed governor"...but we were informed that "lieutenant" is pronounced "leftenant"...and we were not supposed to laugh when the "H" was pronounced in "honorable" because that was correct in Canada.

We liked Canada and the English people...their "old country" customs...their formality...courtesy...dignity...and kindness...Sometime we're going back...but it will be in the spring or summer...when it's warm enough to stay longer on deck...without freezing during the four hour boat trip from Seattle.

Two Events Planned By Altar Society

At a luncheon meeting of St. Rita's Altar Society on Tuesday announcement was made by Mrs. L. M. Evans of a "Silver Tea" which she will give at her home, 450 North Baldwin avenue, from 2 until 5:30 o'clock on the afternoon of January 17, as a benefit for the society. Interesting games will be arranged for the afternoon, but women who prefer to bring handwork are invited to do so. This affair will be open to all women of the community. Plans were also formulated for a pre-lenten Mexican supper and entertainment, which will be given by the women of the society at 6:30 February 1, in St. Rita's Auditorium. This will be the last social event sponsored by the Altar Society before Lent.

A BUSY YEAR

Each New Year brings a fresh parade of anniversaries. Everyone has a birthday, many wedding dates are remembered (or forgotten), and the usual holidays recur. In 1940 these will be augmented by the centenaries of some great events.

The list is full of historic significance. It includes the 500th anniversary of the invention of printing, the 400th of the first printing in the New World at Mexico City, the 300th of the earliest book produced in Colonial America by the Stephen Daye Press, the 250th of the first paper mill in the United States, and the 150th of Benjamin Franklin's death.

Besides these milestones in the history of printing, 1940 will also be the 60th anniversary of Chaucer's birth, the centenary of the first postage stamp and (approximately) of the first practical photography.

There is enough variety to interest everybody. The typographical anniversaries are especially significant because printing has contributed more than any other one factor to the spread of knowledge and the progress of civilization. The American Institute of Graphic Arts, from a special office at 285 Madison avenue, New York City, is promoting and coordinating nation-wide observances of the events. Printers libraries, universities, public schools, and civic organizations, church and state and citizens are planning united community celebrations. In Greater New York, Columbia University will start the program with an academic convocation early in January, and 16 libraries will simultaneously open a series of related exhibitions on the 15th. Baltimore, Boston, Chicago, Cleveland, Philadelphia and many other cities are preparing elaborate observances.

No less attentive in their own fields, scholars and readers will renew their acquaintances with Chaucer's humane jollity, patriots will join printers in honoring Franklin's career, stamp collectors will dream of finding mint copies of the "penny black," and candid cameras will prove how far and fast the world has moved since Daguerre's experiments.

It looks like a busy year.

WATCH THIS DATE

Jot down this note, motorists! February 4 is the deadline for paying license and registration fees without penalty! January, month of forecasts, resolutions, and bills, brings dunning notices aplenty—2,791,215 of 'em!—to California's huge motoring public. And the public's payment of them will pour a great silvery stream of 19 million dollars into the State treasury during the next four weeks. The total sum will run to even more than that unless every motorist goes shopping for his orange-and-black 1940 license promptly. Avoid the fine and save your funds! Remember that red letter day, March 15, is just around the corner. You'll need 'em!

LETTERS from Readers

WANTS BIKE TRAILS

To the Editor of the Sierra Madre News:

While reading last week's issue of the country's finest hometown newspaper, I noted the following from the column, "What a Girl Sees Ramblin' Around": "... and many a young heart was made happy with a new bicycle on Christmas morning. As we see them flying around on their bikes we find ourselves hoping and praying that the good intentions of Santa Claus that made the young hearts happy do not bring sorrow to the hearts of fond parents, for there are so many frightful things that can and do happen to young bicycle riders... and older ones too."

This brings again to mind an idea I have had for some time which I do not believe is too fanciful for realization, and which I pass on in the hope that some organization which is equipped to do so may promote it to fruition. Why not make the deservedly popular and healthful sport of bicycling a safe sport by building bicycle trails, which will not be encroached upon by other vehicles, or horses, or even by pedestrians? I understand that this has been done in certain European countries, where due to high prices of gasoline, bicycling is relied upon seriously as a means of transportation—yes, even for their machine-guns. With all the golf courses, swimming pools, bridge trails, etc., upon which millions are spent, it would not seem unreasonable to devote some work and funds to make bicycling safe for the bicycles we have always with us, whether safe or not. We all know that bicycling on our speedy automobile-infested highway is exceedingly hazardous at the best—this brave hangover from the Nineties always loses in a tilt with the modern traffic juggernaut. Nevertheless youth will bicycle, and oldsters too often like to take off a few pounds and stall off the undertaker by engaging in this delightful sport.

Bicycle trails could run through fields or along roadsides, or wherever a right-of-way could be acquired, connecting towns and places of special interest, and could be asphalted, the idea being to eliminate so far as possible contacts between gas-powered and leg-powered vehicles. The first cost would be expensive, but wouldn't it be worth while to reduce the casualties resulting from bicycling? Except for the menace of other traffic, bicycling is inherently the safest sport imaginable. If a few of our local towns were thus connected, the idea would spread, and a network of such trails over the Southland would add to the legitimate joys of youth, and also be attractive to tourists. Anyhow, the idea is food for thought, and if you think it worth while you may pass it on for some possible good that it might do. With kindest regards, and best wishes for a better 1940, I am

Very sincerely yours,
KENNETH C. WISEMAN.

Edison Co. To Spend Huge Sum Here

Outlay Of \$1,415,000 Planned For Betterments In This Area During 1940

The Southern California Edison Company plans the expenditure of approximately \$1,415,000 in this division of its service territory in 1940, according to Fred Schwartz, manager for the company here. This is in addition to the taxes the company will pay locally, and will be spent for improvements to the electrical service system, operating expenses and payrolls.

Announcement of the company's 1940 program was made at the recent annual meeting of Edison officers, department heads and division and district managers at Los Angeles. Mr. Schwartz, with A. W. Althouse, division manager, represented this territory.

The Edison Company this year will make expenditures of nearly \$26,000,000 in southern and central California, approximately the same amount as last year. This amount to be spent is exclusive of bond interest and other payments for the use of capital to be made in the present 12 months. Approximately \$8,500,000 of the 1940 total will be paid in federal, state and local taxes. Other expenditures will be for new construction, payrolls, and operation and maintenance of the company's properties and improvements to plants, lines and other service equipment.

In addition to the amount allocated directly for expenditure in this division for operation, maintenance, new construction and payrolls, this area will be benefited directly by the system-wide improvements scheduled for 1940. The company's present business development program, designed to benefit this and all other areas of Edison service, will be continued energetically this year, officers and department heads said at the annual meeting.

President Harry J. Bauer told the meeting the increase in virtually all classifications of the company's business in 1939 has reflected the general development of business in southern and central California. The total of meters now is about 545,000. During the past year 25,000 new meters were added, one of the largest gains in many years. This increase reflects, of course, the rapid expansion in homebuilding which is underway in this territory, and a corresponding gain in manufacturing industries.

Dr. L. M. Hurt, 721 West Orange Grove avenue, returned Sunday from Davis where he attended the annual veterinary short course at the State Agricultural College. For the last 26 years Dr. Hurt has been in charge of the Los Angeles County Livestock Department at the Union Stockyards in Vernon.

Literally hundreds of private airplanes swarming to the annual three-day aerial carnival at Miami, Fla., the other day, attest far better than any statistics the rapid growth of civilian aviation in this country. This gathering of sportsmen, amateur flyers, and racing pilots, made up the great concentration of private aircraft in aviation history. Next year it promises to be even greater. Robert Hinckley, of the Civil Aeronautics Authority, predicts no less than 70,000 civilian pilots will be holding flying certificates by the end of 1941. Today more than 300 colleges and universities, having met the qualifications of the C.A.A., are giving instructions in aviation to students—and not a few of them are women! On their flight southward to Miami's aerial show last week, it would be interesting to know if any of the pilots wheeled over Manteo, N.C., for a brief look down at the huge granite memorial pylon on Kill Devil Hill. It was from the sides of that hill just 36 years ago, that the brothers Orville and Wilbur Wright took off in their creaky, box-like crate one cold wintry afternoon, and proved to a skeptical world for the first time that man could fly in a craft heavier than air! Four weeks ago that memorial pylon was dedicated in tribute to their inventive genius which first gave wings to man.

Even at a time when government appropriations run to billions, and when the national debt has climbed so close to the \$45 billion limit, an extension may be necessary. \$71 million is no small turnip! Yet that sum went to begging last week for want of takers and now—it's too late. The deadline was reached when World War veterans, entitled to bonus payments, might submit applications for their rightful share. And the deadline hour found \$71 million still resting in the government's vault. When a sum that size goes unclaimed, times can't be as dark as sometimes painted!

Jupiter Pluvius, unloading his big, gray sacks of rain over California and sweeping brown hills with soft carpets of green, has brought more than long needed rich moisture to dry earth in many sections of the State. It brought low pressure areas to California and that, in the opinion of Dr. William F. Petersen, pathologist and bacteriologist at the University of Illinois, makes for a feeling of increased well-being—and not only to the rain-hungry farmer! More than simply a weather indicator, this scientist has discovered the barometer

to be a good gauge of physical condition. In fact next time you feel a grouch coming on, he advises, consult the barometer. Ten to one, the barometer pressure will be going up! From his study of Chicago weather bureau tables between 1915 and 1932, Dr. Petersen discovered deaths rose when the barometer did, decreased when barometric pressure went down, and that the young, the old, and the sick are most severely affected by sudden changes in atmospheric pressure.

"We're re-discovering America," says W. H. Stetser, vice-president of a large travel organization. Examination of more than 20,000 inquiries received in tourist bureaus throughout the United States and Canada revealed that the more bringing a bustle of activity to the Embarcadero. With the signing of a back-to-work order between employers and ship clerks' officials, and the opening of round table parleys last week, the 53-day siege which paralyzed Frisco port has come to an end. How are the disputes still pending to be settled? By an amicable round table conference of employers and workers, a sane, simple, civilized course of action that should have been resorted to in the first place and continued till both sides reached agreement. Sadder and, we hope, definitely wiser, San Francisco counts the toll of its seven-and-one-half weeks' dispute in millions of dollars lost, and seeks with determination to find the basis of an enduring peace.

All signs point of a very active year for real estate in 1940, states State Real Estate Commissioner Clarence Urban. This prediction, he states, is based upon a study of trends in the business, and his conferences with real estate operators throughout the State. New subdivisions placed on the market are nearly double the number launched in the same month a year ago, he states. The number of licensed real estate brokers, which is a good indication of the condition of the real estate business, is increasing rapidly and now exceeds 18,000 in the State, a figure which equals the number in the pre-depression years.

The Pacific Rose Society will have a special meeting open to the interested public without charge at 7:30 o'clock Monday night, January 15th, at the Pasadena Public Library, 285 East Walnut street. John H. van Barneveld will show colored motion pictures of the "Rose, Queen of Flowers." These pictures show the complete growth of the rose from the planting of the Ragged Robin slip until the bush is ready to plant in your own rose garden. Mr. van Barneveld will give a talk as the pictures are shown.

This is the time of year to plant your rose garden. An opportunity will be given to ask questions about your problems in regard to planting and care of your rose garden. Newer varieties as well as the older established varieties will be shown in the pictures and also discussed.

LOCAL ANGLER HOOKS FORTY CROPPIES

Forty croppies was the weekend catch of Perry E. Kellogg of 425 West Sierra Madre blvd. who enjoyed a fishing trip to Lake Henshaw with business friends from Los Angeles.

Just Nonsense

A Missouri school is offering a course on how to fall in love. Next they'll be teaching birds to fly.

Germany and Russia are said to be planning a commonwealth of European nations, thus counting their countries before they are snatched.

Now we know the true meaning of the Soviet sickle and hammer. Joe uses the sickle to mow 'em down, the hammer to keep 'em down.

As the New Year passes, it's comforting to recall we live in a country where the people are merely breaking their resolutions and not breaking out in revolution.

MIDWEST VISITORS HAD A GREAT TIME

Mr. and Mrs. H. E. Rasmussen of Austin, Minn., who were houseguests during the holidays at the home of Dr. and Mrs. C. L. T. Herbert, 223 North Mountain Trail avenue left Tuesday for San Francisco where they will enjoy a short visit before returning home. Mrs. Rasmussen is a sister of Mrs. Herbert. Mr. Rasmussen is publisher of Austin's snappy daily newspaper and what with the Santa Anita races, rose parade, Rose Bowl game and various sight-seeing tours, enjoyed his visit in the southland no end.

NAAMAN, CAPTAIN OF THE GREAT SYRIAN ARMY, WAS A LEPER. NONE COULD HELP HIM. NAAMAN'S WIFE'S MAID, A LITTLE HEBREW GIRL WHO HAD BEEN CAPTURED FROM HER HOME BY SYRIAN SOLDIERS, SAID TO HER MISTRESS, 'THE PROPHET OF GOD IN MY COUNTRY CAN MAKE MY MASTER WELL.'

NAAMAN WENT TO THE KING OF ISRAEL WITH MONEY AND A LETTER FROM THE KING OF SYRIA WHICH READ, 'CURE THE CAPTAIN OF MY ARMIES OF HIS LEPROSY.' THE KING OF ISRAEL WAS FRIGHTENED. 'AM I GOD TO DO THIS? PERHAPS THE KING OF SYRIA IS SEEKING A QUARREL.'

ELISHA THE PROPHET HEARD THIS. HE SENT A MESSAGE TO THE KING OF ISRAEL, 'LET NAAMAN COME TO ME.' SO NAAMAN CAME WITH HIS HORSES AND CHARIOT AND STOOD AT THE DOOR OF ELISHA'S HOUSE. ELISHA SAID, 'GO WASH SEVEN TIMES IN THE RIVER JORDAN. YOU WILL BE CURED.'

NAAMAN WAS FURIOUS: 'I WILL NOT WASH IN THIS MUDDY JORDAN. THE RIVERS OF MY OWN LAND ARE FAR BETTER.' BUT HIS SERVANTS IMPLORED HIM, SO NAAMAN WENT DOWN AND DIPPED HIMSELF SEVEN TIMES IN JORDAN. HIS FLESH CAME AGAIN LIKE THE FLESH OF A LITTLE CHILD.

2nd Kings 5:1-14.

'Round the town—

Weekend house guests at the home of Major and Mrs. P. B. Linville, 595 Alta Vista drive, were Mr. and Mrs. V. Laguer-

quist, old friends from La Junta, Colo.

Recent visitors at the home of Mr. and Mrs. K. J. Murdoch, 191 North Baldwin avenue, were Miss Mary Joyner of Pasadena; Misses Agnes and Jessie Murdoch of Palos Verdes, and Mr. and Mrs. Hugh Murdoch. Mr. Murdoch is making steady progress toward recovery from a series of operations which he underwent recently at the Huntington Memorial Hos-

pital in Pasadena, but is still confined in bed, though able to receive callers.

Mrs. Pierson B. Miller (Cricket Calkin) was weekend houseguest at the home of Mrs. William H. Schwartz, 282 East Highland avenue, while Mr. Miller attended the National Guard encampment at Pomona.

Mr. and Mrs. Charles Collins and son Braun who were houseguests for the holidays at the

home of Mr. and Mrs. Woodson Jones and Mrs. Julia Shannon, 124 East Alegria avenue, left Sunday by motor for their home in Evanston, Ill.

Bonnie Grey and her mother, Mrs. Annie Smith, of Burbank, were Sunday callers at the homes of A. H. and H. S. Embree. Miss Grey who is a noted horsewoman and has thrilled thousands of spectators at rodeos and fairs with her equestrian feats on her Palomino King Tut, is now riding in motion pictures. She was formerly a neighbor of Art Embree in Grant, Iowa.

Capt. and Mrs. E. G. Everett, 68 Vista Circle Drive, spent Sunday in Wilmington with Mrs. Caroline Camplin.

H. E. Gabriel, 145 East Alegria avenue, returned during the weekend from a three weeks' business and pleasure trip to Memphis, Tenn.; Pensacola, Fla., and Fort Smith, Ark., where he enjoyed visiting old friends. Mr. Gabriel spent Christmas with his sister, Mrs. Alfred Noyes, at her home in Persons, Ky. He spent Monday in Long Beach with his daughter and granddaughter, Mrs. Jean Young and Priscilla.

Miss Jean Grantham of Santa Barbara was overnight guest at the home of Miss Daisy Hawks on Friday.

Mr. and Mrs. L. H. Heath of 706 Woodland drive spent the weekend with Mr. and Mrs. James Spoonhaward in Los Angeles, at whose home they enjoyed seeing many old friends and relatives.

Bud Holland, on leave from the navy, spent the weekend here with his parents, Mr. and Mrs. Harry Holland of 180 Adams street.

Miss Alice James, daughter of Mr. and Mrs. J. C. James, 38 East Grand View avenue, who has been home from Berkeley for the holiday vacation will leave Monday to resume her studies at U.C.

Mr. and Mrs. William Wilson of Rainbow Lodge, Navajo Mountain, in northeastern Arizona, were houseguests last week at the home of Merrill A. Miller, 674 Orange drive.

Mr. and Mrs. H. W. Coit and daughter Ruth, their houseguest Mrs. Cora Sanderson, Larry Seemster of Pasadena, recently motored to Boulder Dam through which they enjoyed a conducted tour.

Mrs. W. B. Jadden, daughter of Mr. and Mrs. C. W. Bowen, 735 Canyon Crest drive, and her son William, were visitors at the Bowen home during the weekend. Mr. Jadden, a student at Stanford University, was enroute to Palo Alto from Sewickley, Penna., where he spent the holidays with his mother. Mrs. Jadden will return to the home of Mr. and Mrs. Bowen for a visit after a short stay in Palo Alto.

Mrs. Raymond Lewis and Miss Eileen Roberts enjoyed a weekend desert outing at El Mirador hotel at Palm Springs.

Max Boverman of San Francisco, a classmate of Albert Solnit at the University of California medical school in Berkeley, is house guest this week at the Solnit home, 326 Adams street. Mr. and Mrs. Ben Solnit and J. S. Weber returned Sunday from a business trip to Chicago where they encountered much snow and below zero weather.

Misses Mae and Elizabeth Pridham, 139 South Baldwin avenue, enjoyed a weekend outing at their mountain cottage at Camp Angeles.

Mr. and Mrs. Myron Froats of Santa Monica, parents of Mrs. P. T. Roberts, were weekend guests at the Roberts home, 1160 West Orange Grove avenue.

Miss Margaret Keegan of New York who has been visiting at the home of her sister, Mrs. Winifred Bradley, 154 North Mountain Trail avenue, since last September is spending this weekend in San Francisco where she is visiting her cousins, Mrs. Joseph McCromack and Capt. Austin Keegan; and other relatives and friends.

Mrs. Ada Thomas, 25 West Grand View avenue, is spending this week in Los Angeles with friends.

Jack Mitchell has returned from the Veterans Hospital at Tuscon, Ariz., where he has been for the last three months receiving treatment.

Business women and school teachers in Azusa and Glendora have formed regular classes which each Monday and Wednesday receive instruction in the art of coordination from Mrs. Ruana Lawson of 154 West Sierra Madre blvd.

Mrs. W. S. Yates of New York will arrive this week to spend several days with her mother, Mrs. Henry Burnham, Sr., who is seriously ill at the home of Mr. and Mrs. Henry Burnham, Jr., 49 West Orange Grove avenue.

Mrs. W. W. Murphy who has been houseguest at the home of Mr. and Mrs. J. O. Smith over the holiday season will leave today for Palo Alto.

Miss Thomasella Graham is spending this week in La Jolla with Miss Kate Sessions, who is ill.

Approximately thirty Sierra Madreans attended a meeting at the Garfield School in Pasadena Monday evening when Miss Elizabeth Page spoke on the Union Now plan of Clarence Streit. Professor Graham Laing of Cal-Tech also appeared, discussing the economic benefits which would be derived from a union of democracies.

James T. Council, a World War veteran, who was taken to Fort Miley hospital in San Francisco for observation about three weeks ago, will shortly undergo an operation.

Members of the Woman's Club who attended the garden conference at Federation headquarters in Los Angeles last Thursday were Mrs. W. J. Lawless, Mrs. Elizabeth Turner and Mrs. W. S. Hull.

Surprise Program At Woman's Society Meeting Tuesday

A novelty surprise program which will be given as a short wave radio broadcast has been planned by Mrs. Maybell C. Barker for the regular meeting of the Woman's Missionary Society of the Congregational Church next Tuesday, January 16, at which the newly elected president, Mrs. F. W. Miles, will preside for the first time.

Mrs. Eva Moore will have charge of devotions. Luncheon will be served by Mrs. Charles W. Kinnear who will be assisted by women of the society. Reservations may be made with Mrs. R. J. Lord at 1761.

Dishwashing's
not half bad . . .

WHEN THERE'S PLENTY OF HOT WATER!

"Quick hot water goes a long way to shorten dishwashing! For it dissolves greases in a hurry and makes glasses shine like crystal. No matter how much hot water we use—for dishes and other household needs—our automatic gas water heater never lets us down."

Woman's Club Notes

CHURCHES and church organizations of all breeds are still predominant in developing characters of young people in rural communities and deserve adequate recognition for their ability in meeting changing conditions, in the opinion of Miss Josephine Seaman of La Jolla, president of the Western Federation of Woman's Clubs who spoke at the Sierra Madre Woman's Club Wednesday morning.

"I have found the religious influence of great importance," said Miss Seaman, "and all churches seem to be doing something for their young people and succeeding in making religion something to enjoy." In all rural districts stated the speaker, church activities are proving of inestimable value to young people.

Grammar School Notes

Mrs. Leonard's room is making a market out of boxes. They have a big chart in the front of the room and are reading about what they are doing. Some are making the stores, others are making trucks, also "merchandise" to go in the stores.

Doris Bailey, Anita De la Pena are making a restaurant so that the people working in the stores may have a place to eat. Others are making a bank for the workers to put their money in. One boy is building a refrigerator truck, while another is building a loading tunnel.

—Betty Schrader—

Miss Newton's 4B class has just started to write with ink. To finish the study of Los Angeles harbor the class is learning about the imports of the harbor and where they are produced. The class has been developing interest in maps and geography.

Some of the children in Miss Moote's 5B class are making trenchers in our study of Colonial life. Trenchers are the wooden dishes the colonists used. In making our trenchers we first have to measure and saw a piece of wood the right size. Then we file each corner. After measuring the thickness we drill it and chisel out the inside. Last we sandpaper it to make it smooth. It takes a long time to make a trencher.

—Selma Rudolph—

Children in Mrs. Gardiner's room have been studying early colonial life. At the beginning of the year they studied about the landing of the Pilgrims and how after a long hard winter they settled down to make a home for themselves. They made friends with the Indians and with the help of the Indians they learned to till the soil and plant crops.

Some of the boys and girls in the room have made costumes and some have made trenchers, a wooden dish or bowl used in early colonial times. Others of the boys have been making buns out of wood, and the girls have been making quilts and colonial costumes.

This semester we have been studying the laws of early America and the Revolutionary War, Paul Revere's ride, and the

Kiwanians To Have Two Bowling Teams; Play Other Clubs

The bowling spirit has hit Sierra Madre's Kiwanis club with such force that two teams will soon be made up to play other valley clubs. Dr. Lee Evans and Frank Spencer have been appointed captains and will have charge of the preliminary games, when every Kiwanian will bowl a game or two and have his score recorded. From these scores, two teams will be chosen. Dates and place for bowling have not been selected.

Mrs. Wheeler's 6B class has been studying ancient civilization and Monday started the study of Greece. The class has made two free murals, one "Prehistoric Animals," and the other, "Prehistoric Man." These are to be taken to Los Angeles and placed on exhibit at the Western Mineralogical Exposition to be held there January 13 to 19 in the Chamber of Commerce building.

The 6B room has organized a club. The officers are Dick Patterson, president; Ann Irish, vice-president; Beecher Wallace, secretary; Nancy Bumpus, sergeant-at-arms, and Don Davey, custodian.

With Sierra Madre Students At Wilson Jr. High

Two musical comedies, "Freshies" and "Lady Frances," will be presented by Wilson Junior high grade clubs under the direction of Miss Rua Lowe, musical director, in the Willard Auditorium, at a matinee for students, January 18, and at an evening performance January 19 for parents and friends of students participating.

Two boy pianists, Calvin Boice and Robert Blodgett, entertained Wilson students and faculty at assemblies, January 12.

A new 4-H sewing club for any girls who are interested has recently been formed at Wilson. This club is part of the 4-H club. The sewing club meets in one of the classrooms every other Tuesday with Mrs. Arthur Gillette, their leader. Most of the girls who are in their first year are hemming towels and scarves.

Big Valley Industrial Plant To Hold Open House; Visitors To See How Hot Water Heaters Are Made

A visit to one of the most interesting of the San Gabriel Valley's growing list of industrial plants—Monrovia's Day & Night Water Heater Company—will be made possible next week when the company holds open house at its factory on the eastern edge of Monrovia.

Believing that the public will be glad to get a glimpse of modern industrial methods, executives of the Day & Night company have announced three days of "open house" when residents of the valley will be welcomed and with expert guides will be shown through the plant.

Dates set for the informal opening are Tuesday, Wednesday and Thursday of next week, January 16, 17 and 18. Visitors may come from 1 to 4 in the afternoon or from 6 to 8 in the evening. On both afternoons and evenings of these days the plant will be in full operation. There will be regular, conducted trips every half-hour.

Visitors will be shown how automatic gas water heaters are made, how the great sheets of steel are cut, formed and turned,

'Dud' De Groot May Be Next Football Coach At Stanford

Dudley Sargent DeGroot, or "Dud" as he is more generally known, son of Mr. and Mrs. E. B. DeGroot, East Orange Grove avenue, is being seriously considered as coach of Stanford University to succeed Tiny Thornhill, who is retiring. Appointment is pending and "Dud" is said to have an excellent chance of becoming Stanford's new coach.
